- **YOU DO IT!** A meeting about Climate Change and the Christian response, Sat 23<sup>rd</sup> June

### Climate Change Bill - consultation made easy!

The draft Climate Change Bill is out for public consultation till 12<sup>th</sup> June. It's great that there will soon be a law on Climate Change - you can help to make it more effective by adding your views to the consultation. Do it now before you forget!

Stop Climate Chaos has a simple way for you to send a short response and you can sign up for regular action bulletins on their iCount website (3 minutes):

[http://www.icount.org.uk/personal\\_actions/222.asp](http://www.icount.org.uk/personal_actions/222.asp)

WDM will take you through the consultation questions with model answers or just suggestions for important points (15 minutes):

The full consultation is available on the Government's DEFRA site:

### **YOU DO IT! Tell the G8 leaders what you think!**

"Politicians have shown time and again that they won't listen to science unless their bosses--we, the people--tell them to." Send a personalised message directly to your national leader:

Contact Rev Neil Drayton at [pedalpower28@aol.com](mailto:pedalpower28@aol.com) to book, or for more details.

**What's your inspiration? Tell us about your campaigns, events and ideas for a low-carbon Sheffield, and we'll pass them on!**
